This file was last updated on August 30, 2003 03:04 am

Zachary's Law (*see IC 5-2-12* and any related statutes) requires individuals convicted of certain sex and violent crimes to register with the sheriff's department (or in Marion County, the Indianapolis Police Department) that has jurisdiction where the offender intends to live, work, or study for longer than seven days in the state of Indiana. Zachary's Law is named for Zachary Snider of Cloverdale, Indiana. Zachary was 10 years old when he was murdered by a convicted child molester in 1993.

Sex and violent offenders are required by law to provide detailed information, including photographs and addresses, to the sheriff departments (or, in Marion County, the Indianapolis Police Department) where they register. This detailed registration information is available on the Indiana Sheriffs' Sex Offender Registry web site ([www.indianasheriffs.org](http://www.indianasheriffs.org)).

In addition to the Sheriffs' Registry, individuals convicted of a sex or violent offense are listed in Indiana's Sex and Violent Offender Directory. The directory, in combination with other resources such as the Sheriffs' Registry, serves as a useful screening tool for organizations, businesses and agencies that hire staff or recruit volunteers who work with children so they can determine who has been convicted of a sex or violent offense. The Indiana Criminal Justice Institute continuously receives and adds information to the directory from criminal justice authorities, including the local law enforcement authorities at which offenders register. Information about an offender remains in the directory indefinitely or until the Institute receives a copy of the individual's death certificate or court notification that the person's conviction has been overturned.

Indiana's directory is available on the World Wide Web as a searchable database and as a PDF file that you can print or save. To access the searchable database and the printable PDF file, go to [www.in.gov/serv/cji\\_sor](http://www.in.gov/serv/cji_sor), and choose the "Indiana Sex and Violent Offender Directory" link. After reading the background information and clicking 'yes' at the bottom of the home page, choose the option to (a) search the directory on the web or (b) download the directory in PDF format. Select the second of these options to print or save a copy of Indiana's directory. The searchable web-based version of the directory - which is automatically updated after midnight each day - is always the most current version of the directory.

## **Using the Directory**

The directory contains four sections. Each section contains information about convicted sex and violent offenders arranged alphabetically by offender name.

Section A - Information about offenders convicted of a qualifying offense submitted to the Indiana Criminal Justice Institute (ICJI) by criminal justice authorities since July 1, 1994.

Section B - Information about offenders convicted of a qualifying offense and released between April 1989 and July 1994 from the Indiana Department of Correction (IDOC).

Section C - Information about offenders convicted of a qualifying offense between April 1989 and July 1994 and listed in records provided by the Indiana Prosecuting Attorneys Council (IPAC).

Section D - Information about offenders convicted of a qualifying offense between the year 1919 and July 1994 and listed in records provided by the Indiana State Police (ISP).

The specific information available in each section (physical description, offense committed, sentence, etc.) varies based on the data submitted from each source. Because information in the directory comes from different sources and covers different timeframes, information about a particular offender may appear in only one section or may appear in more than one section. Moreover, a particular offender may appear more than once in any given section due to multiple convictions. Thus, searching all four sections constitutes a comprehensive search of the directory.

Information contained in each section of the Directory is as follows:

### **Alias Availability**

When available, criminal justice authorities have submitted information about aliases used by particular offenders. This information is available upon request by searching the directory on the World Wide Web at [www.in.gov./cji](http://www.in.gov./cji) or by contacting the directory manager (*see* Contact Information).

## **Offenses and Indiana Statutes**

The crime for which an offender was convicted is indicated by reference to the Indiana statute associated with each qualifying offense. For example, the entry “IC 35-42-4-1” indicates that an offender was convicted of rape. The Indiana Code defines a sex and violent offender as:

1. An individual who has been convicted of any of the following offenses:

Rape (IC 35-42-4-1)  
Criminal Deviate Conduct (IC 35-42-4-2)  
Child Molesting (IC 35-42-4-3)  
Child Exploitation (IC 35-42-4-4b)  
Vicarious Sexual Gratification (IC 35-42-4-5)  
Child Solicitation (IC 35-42-4-6)  
Child Seduction (IC 35-42-4-7)  
Sexual Misconduct with a Minor as a Class A, B, or C felony (IC 35-42-4-9)  
Incest (IC 35-46-1-3)  
Sexual Battery (IC 35-42-4-8)  
Kidnapping, if the victim is less than 18 (IC 35-42-3-2)  
Criminal Confinement, if the victim is less than 18 (IC 35-42-3-3);

2. An individual who has been convicted of attempting to commit or conspiring to commit any of the above-listed offenses;

3. An individual who has been convicted of a crime, convicted of attempting to commit a crime, or convicted of conspiring to commit a crime under the laws of another state or in a military court that is substantially equivalent to any of the above-listed offenses; or

4. A child who is at least 14 years of age and is on probation or parole or is discharged from a facility by the department of correction, discharged from a secure private facility, or discharged from a juvenile detention facility as a result of being adjudicated as a delinquent child for an act that would be an offense listed above if committed by an adult (see IC 31-37-1-1 to -2) and is found by a court to be likely to repeat an act that would be an offense listed above if committed by an adult (see IC 31-37-19-5 (b)(1)).

**Out-of-State Offenses:** “Out-of-State” has been entered for individuals who have been convicted of a crime, convicted of attempting to commit a crime, or convicted of conspiring to commit a crime under the laws of another state or in a military court that is substantially equivalent to any of the above-listed offenses. A two-letter abbreviation for the out-of-state jurisdiction and a brief description of the offense are provided immediately below the out-of-state designation.

## **SVP (Sexually Violent Predator) Codes**

In Indiana, “sexually violent predator” means an individual who suffers from a mental abnormality or personality disorder that makes the individual likely to repeatedly engage in any of the offenses requiring registration as a sex and violent offender. By law, determination of whether a person is a sexually violent predator is made by a court in consultation with a board of experts who have expertise in criminal behavioral disorders (*see* IC 35-38-1-7.5).

“In-State” has been entered for offenders identified as sexually violent predators under Indiana’s law, “Out-of-State” has been entered for offenders identified as sexually violent predators under the laws of another state, and “Both” has been entered for offenders designated as a sexually violent predator both in Indiana and in another state.

**Users are hereby notified that:**

Based on information submitted to the Indiana Criminal Justice Institute, a person whose name appears in this directory has been convicted of a sex offense or a violent offense or has been adjudicated a delinquent child for an act that would be a sex offense or violent offense if committed by an adult. By presenting this information, no representation is being made that the listed individual will commit a sex or violent offense or any other crime in the future.

Information in the directory comes from records that have been submitted to the Institute by various criminal justice authorities. Although efforts have been made to ensure the information is as accurate as possible, no guarantee is made or implied. The information may also be subject to change and re-verification. You are cautioned that information provided in this PDF may not reflect the current city or county of residence, status or other information regarding an offender.

The Institute cannot guarantee the records you obtain through this site relate to the person about whom you are seeking information. Searches based on names, dates of birth and other identifiers are not always accurate. It is your responsibility to make sure the records you access through this site pertain to the person about whom you are seeking information by working with law enforcement or other criminal justice authorities as appropriate.

The information contained in the directory is not intended to be used to injure, harass, or commit a criminal act against persons named in the directory, their families, employers, or others. Indiana law provides that any person who uses limited criminal history information for any purpose not specified under the law may be subject to criminal prosecution.

The Indiana Criminal Justice Institute is not responsible for any errors or omissions produced by secondary dissemination of this information.

**Contact Information**

If you believe that any information found in these records is in error, or you would like additional information about an offender, please contact the sheriff departments (or, in Marion County, the Indianapolis Police Department) that has jurisdiction in each county where offenders are required to register
